

Mini Football Club Grandstand

Hawkins Group of Companies currently sponsor Easington sports 1st team football kit.

Hawkins Steel Limited were approached by the Easington Sports management team to construct a new mini grandstand with a capacity for 50 seats as part of current improvements being carried out at the ground.

Although this was an unusual request compared to other steel projects we normally undertake, we agreed to help and be commercially competitive in an effort to minimise the clubs spending.

All steelwork was fabricated at our workshop in Banbury, erected on site, seats installed and clad by our own skilled workforce.
