

New Build – Hi Tech Laundry

Hawkins Projects Ltd were awarded this large project in association with our sister company Hawkins Steel Ltd to deliver new executive offices spread over three floors and for the fabrication, supply and installation of a total of 494 Tonnes of fabricated structural steelwork for a prestigious laundry company.

Our brief for the offices was to create a modern workplace that would attract and retain talented staff. In addition, the design concept needed to connect staff, enhance communication and provide an agile working environment. As a company, we worked with our client on every detail to ensure their new offices complemented their expanding business.

The office project included: Specialist access floor, Demountable Solid & Glazed Partitions, Hardwood Veneered Door Sets, Bespoke Joinery, New Kitchen Installation, New Canteen Facility, New Floor Finishes, Feature Lighting, New Power & Data Supply, New Ventilation & Air Conditioning Units, All decoration, All electrical installations, All furniture

The steel fabrication included a Monorail support structure, a twin level mezzanine support platform structure, 2No mezzanine floor structures and 4No independent platforms within a new laundry facility. Involved within this project was also the fabrication, supply, delivery and installation of multi flight personnel access staircases and perimeter edge protection handrails and guarding to all mezzanine structures and platforms.
