

Structural Steel Works

Hawkins Steel Limited were awarded the contract for the fabrication, supply and installation of a large bespoke machinery mezzanine, dividing wall structure, Monorail support structures, Storage mezzanine, Sorting Station Platform & 5 No independent platforms with a combined weight in excess of 375 tonnes for this new laundry facility.

Involved within this project was also the fabrication, supply, delivery and installation of multi flight personnel access staircases and perimeter edge protection handrails and guarding to all mezzanine structures and platforms.

All steelwork was painted to suit the customers' requirements before being erected on site to meet the programme.
