

SITE MANAGER

Hawkins Projects Ltd provide support for clients undertaking changes within their business. Removing the stresses associated with project management, by managing the project for the entire timeline; from concept to delivery. Hawkins take time to listen so their clients' vision and requirements are fully understood. Guiding them through every aspect of the project, offering support as it is required.

Everyone at Hawkins is committed, hardworking and passionate about what they do. Hawkins strives to provide a positive and fun working environment that focuses on comfort, collaboration and creativity to promote problem solving, effectiveness and success. Hawkins invests in staff training and development and embraces continuous improvement. Hawkins strives to and enhance staff engagement, job satisfaction and wellbeing.

About the job

The main purpose of the role is to manage and coordinate day to day running of our site(s). Contracts on multiple sites across the UK with typical contract values between £100K and up to £2.5M. To work alongside the Contracts Manager to set up and run multi-disciplined construction contracts. To be the clients point of contact for day-to-day queries ensuring a high level of customer service and satisfaction.

We are looking for an exceptional individual who shares in our values and commitment who will add value to our team and take a lead role in driving the business forward to ensure continued development and success.
