SHEET METAL FABRICATOR

Hawkins Steel Ltd is part of Hawkins Group of Companies Ltd. Hawkins Steel provide a complete range of fabrication services to a multitude of clientele offering bespoke fabrication solutions no matter the size, shape or complexity.

Experience and understanding of general construction, steelwork design, processes and finishes, varies greatly from client to client. As such, Hawkins Steel offers a level of support to match their appropriate experience, ensuring that all expectations are surpassed and projects run smoothly. Hawkins Steel produces structural steel to the harmonised standard which covers fabricated structural steelwork to BS EN 1090: Execution Class 2.

Experienced fabricators work with mild steel, stainless steel, aluminium and bronze. They work with precision and attention to detail, ensuring a top-class finish is achieved for all structural steel, mezzanines, feature staircases, architectural balustrades, handrails and balconies.

Everyone at Hawkins is committed, hardworking and passionate about what they do. Hawkins strives to provide a positive and fun working environment that focuses on comfort, collaboration and creativity to promote problem solving, effectiveness and success. Hawkins invests in staff training and development and embraces continuous improvement. Hawkins strives to and enhance staff engagement, job satisfaction and wellbeing.
